## **Technical regulation of the event**

- In the event that any category has less than 12 athletes, the races must be carried out together, with the category immediately below or above, however the final classifications will be separated by races;
- All competitions with more than 20 skaters to start, should be divided into heats, with the number of athletes always less than or equal to 20 skaters on the track.
- There will be a trophy for the top 5 from all categories from Escolares to Juniors, while in the Senior category there will be Prize Money + Trophy for the top 5;
- In the 200 meters flying lap there will be a Prize Money for the best male and female time.
- In the rest will be applied the World Skate Regulation of Competitions

## **COVID19 contingency plan**

The present rules intend to guide and implement specific and contextualized measures for the event “Biosfera Roller Skate 2020” in accordance with the risk of transmission and exposure to SARS-CoV-2.

According to Guideline [036/2020](#) of the General Direction of Health, the practice of Speed Skating is defined as a low risk activity. Thus, it is intended to define specific guidelines that enable an event to be held safely, minimizing the risk of SARS-CoV-2 transmission.

The General Direction of Health issued, on August 25, 2020, Guideline No. 036/2020, which defines the health rules for holding sports competitions. In this sense, in order to ensure compliance with the guidelines of the Directorate-General for Health for the resumption of sports activities covered by sports federations with sporting public utility status, the organizing club issues the following specific regulation for the “Biosfera Roller Skate 2020”.

### **ARTICLE 1 - Scope**

- The rules of this regulation apply to clubs, individual athletes, sports agents, support staff and the public who intend to or attend the event within the sports infrastructure.

### **ARTICLE 2 - General health rules of the competition**

- All spaces, materials and equipment used in the event must be subjected to cleaning and disinfection (Guidelines 014/2020 and 030/2020 of the DGS);
- All people who work or attend the competition space must comply with the rules of respiratory etiquette, the correct washing of hands, the correct use of a mask, as well as other hygiene and environmental control measures;
- The organization will arrange the placement of SABA dispensers, next to the receptions, entrances and exits of the sports space and other strategic places;

- In all the infrastructure of the skating rink and surrounding gardens, a minimum physical distance of at least 2 m must be guaranteed between people in the context of not exercising and exercising;
- Throughout the space and in situations involving proximity between people, the use of a mask is mandatory for:
  - i. Technical teams;
  - ii. Club employees and staff, sports infrastructure and other logistical staff;
  - iii. Athletes in situations of not performing physical exercise.
- A control will be carried out on the number of people within the infrastructure, not exceeding 350 people (maximum capacity). A duly authorized register must be kept of all employees, coaches, athletes and the public (name, email and telephone contact), who attended the spaces, by date and time (entry and exit), for the purpose of supporting the epidemiological survey of the Health Authority, if applicable;
- Measurement of body temperature to all people who enter the room, using infrared thermometers, not allowing any participant with body temperature above 38° C 1 or with any other symptoms associated with COVID-19;
- Establish circulation corridors with differentiated exits and entrances, design of specific zones for coaches, athletes and judges;
- The identification of the isolation area and circuits to be adopted when identifying a suspected case of COVID-19.

### ARTICLE 3 - PARTICIPATION RULES

- Only athletes who sign the Term of Responsibility can participate in the event, or if they are under 18, if their parents / guardians.
- Athletes, coaches and companions from outside the Autonomous Region of Madeira must respect the indications established in Resolution No. 484/2020 of the Regional Government of Madeira. It can be consulted: <https://joram.madeira.gov.pt/joram/1serie/Ano%20de%202020/ISerie-118-2020-06-24.pdf>
  - Test in departure:
    - Up to 72 hours before the flight;
  - Test in arrival:
    - Required on arriving in the region at least 24 hours before the race;
    - Conduct, with the collection of biological samples on arrival, a PCR test to detect SARS-CoV-2;
    - Stay in isolation, in their home or in the hotel where they are staying, until the negative test result is obtained;
  - The tests will only be carried out on individuals over the age of 12;
  - \* We advise you to consult the resolution in full.
